

PAY ONLY WHEN CURED.

This is the Way Dr. McLaughlin Sells His Electric Belt: You Pay for What You Get and After You Get II. Is Not That a Fair Offer?

To such people my Pay-When-Cured offer is protection against failure, as, if I fail to cure you, I ask no pay.

My Electric Belt will cure to stay cured men who have lost the vigor of youth, who are nerous, despondent, want in stemach, weak back, who have Vaticesele, Ithenmaitin, Sci-atin, Lambage and all pains and wakness resulting from a broken-siem system. It is

Was invented to restore weak men and women and it will do it. I absolutely guarantee my Belt to cure Sexual Impotency, Lost Manhood, Varicocele, Spermatorinoea and all sexual weaknesses in either sex; restore shrunken or undeveloped organs and vitality; cure Rheumatism in every guise, Kidney, Liver and Bladder Troubles, Chronic Constipation, Nervous and General Debility, Dyspepsia, all Female Compliaints, etc. Beware of old-style beits under new-style names—they burn.

Dr. Bennett's Electric Belt has soft, sikten, chamois-covered sponge electrodes that cannot burn and blister as do the bare metal electrodes used on all other makes of belts. It is impossible for the patient to wear these metal electrode belts patient to wear these metal electrode beits if they give enough current to be curative, for the current will burn great holes in your flesh and the pain is so great it cannot be endured. Then verdigris will accumulate on this bare metal, which may cause blood poisoning and perhaps death. Some concerns cover these metal electrodes with a thin veneering of chamols or felt; they try to have you believe it is like mine, but they are not even a good counterfeit. Verdigris will pass through this veneering, but the care in the perfect cure of men's weaknesses, free to each male patient. The renewing feature of my Belt and Electrodes If they give enough current to be curative

PAY ME WHEN CURED. You may pay me when cured if you choose. I make this proposition in self-protection, as other concerns make this offer. I make it exactly as the other concerns do, but would advise you not to accept treatment this way. Write to me and I will explain it.

I will explain it.

If you have been misled into buying one of these make-believe belts send it to me and I will allow you half the price of one of mine for it. My electrodes are my exclusive patent and are used on no other electrical appliance. My Electric licit has interchangeable battery cells and can be renewed when burned out for only 75c; no other belt can be renewed for any price, and when burned out is worthless. Guaranteed one year. I absolutely guarantee my Electric Belt to wear a lifetime and the current not diminish. Will refund any fees paid me if this is not a fact, and will give \$1,000 for any other belt that will last three months, with constant usage. Get the genuine—beware of frauds and charlatans. Write to me for an expose of "Free Trials" and "Three Months' Trial" offers.

Call or write to-day. I have written a best. PISTOL-SHOT FINISH AT KINLOCH TRACK.

Several Shots Were Fired in the Last Race. Two Horses Fell and Go Out Was Killed.

Kindoch Park's running meeting closed yesterday, and the last race of the year in this vicitity proved highly exciting.

Two norses fell at the three-sighths poic, immediately before they went down, some one in the immediate neighborhood of the spot where the horses fell fired two shots. Everybody in the grandstand thought the shooting was premeditated and had for its object the crippling of a possible contender in the race. Until the facts were known it was also thought that Go Out, the first horse to fall, had been shot, but Jockey the Summaries: horse to fall, had been shot, but Jockey Bassinger, who rode Go Out, stated positively that he saw the man who had the

pistol fire into the air. When Go Out fell, Guide Rock stumbled over him. Gulde Rock was ridden by Jockey Kane. Neither Kane nor Bassinger was injured, but Go Out had a shoulder broken and had to be destroyed. Go Out was a very handy 3-year-old. He belonged to Ed Burrows, who bought him recently for \$2,500.

Every effort was made to find the man who did the shooting, but no trace of him who did the shooting, but no trace of him could be found. President Joseph D. Lucas stated that he was of the opinion that the shooting had been done by some trresponsible party or delnk-crazed fool.

When seen after the race Jockey Bassinger stated that the shooting had nothing to do with Go Out's fall. According to Ras-singer, he was trying to get his mount out of a pocket when the horse fell. Guide Rock was right behind him at the time and could hardly escape stumbling over him.

It was reported after the race that the

It was reported after the race that the pistol was fired by an attache of the Domsite stable. Domsie was a starter in the race, and it was said that his trainer has been in the habit of making a lot of noise at the head of the stretch every time Domsie started in a race.

This was done, so it is said, for the purpose of scaring the horse into increasing his speed towards the finish. Nothing of the kind ever happened before, however, in the recollection of well-posted local racing men. Bummer distinguished himself in the second event by whining cleverly from Frank Bell and Gold 'Or. Bummer found the muddy track to his fancy, while Frank Bell and Gold 'Or were unable to negotiate the going. Miss Mae Day also ran a poor race, finishing unplaced.

day was the meeting of Robert Waddell, Benckardt and Al Brown. It proved a heavy betting affair, with Waddel the favorite at 6 to 5. Waddell won easily by four lengths. Benckart second by six lengths. Summarles:

Summarles:
First race, five and a half furlongs—Divonne, 197 (C. Neel), 15 to 1, won; Pirate's Queen, 99 (Tally), 8 to 1, second, Ida V., 1el (Alexander), 19 to 1, third. Time, 1:18.25. Natural Gas, Alert Enright, Princess Tatyana, Floranthe, Woodstick, Joe Collins, Audie, Rabunta and Cinera ran.
ond race, seven furlongs—Pirate J., 99 (A.

NEW FARM FOR WHITNEY. May Purchase Hamburg Place to

Raise His Thoroughbreds.

REPUBLIC SPECIAL.

Lexington, Ky., Oct. 31.—Negotiations are about completed for the parchase by the Whitneys of Hamburg place, the magnificent farm of John E. Madden, about two miles and a half from Lexington. The farm is the best-equipped thoroughbred establishment in Kentucky. Mr. Madden drove the Whitney party out to the farm to-day. It included, besides Mr. Whitney, his son, Harry Payne Whitney, and Alex, Gunn, his attorney, H. McDona. It is stated that a deed for the farm will be filed in the County Clerk's office in the next few days.

STATE UNIVERSITY ELEVEN IN TROUBLE.

Board of Control Forbids Several Good Players to Participate in Any More Games.

MUCH ILL FEELING CAUSED.

Students Claim That the Ineligibility Should Have Been Discovered Earlier - Team Has Been Financial Success.

REPUBLIC SPECIAL.

Columbia, Mo., Get. 31.-The Missourt Tigers may not play any more football games this senson, Several of the team refused to go to practice this afternoon, and o-morrow will decide whether the team will dishand.

strike because of the enforcement of the rules established by the Board of Curators last year in regard to athletics. The Board of Curators decided that no student should be permitted to participate in any athletic event, unless, in the preceding semester, he had made a grade of 75 per cent in his stmHes.

Under this rule several of the best players have been declared incligible. The ream feels hurt at the disbarring of Craig, the left guard, one of the strongest men. There is blitter feeling among a large part of the student body, and much indignation is expressed against Doctor C. W. Heathering-ton, the head professor of physical culture, for his rigid upholding of the board rules. It is argued that the enforcement of the rules is unfair, and that few Western schools have set such a high standard for atheities that rames have been thuved with thletics; that games have been played with teams which had no such rules; and that to enforce them at this late day will make the Missouri team lose every game it has

It is also insisted that the ineligibility of the men should have been discovered earlier and that after they have trained and played and that after they have trained and played they should not be ruled off. It is insisted that Doctor Heatherington migh well wink at rechnical viciations of the rules.

On the contrary, it is urged in Doctor Heatherington's behalf, he is merely carrying out a rule of the board which, if manitabed, will in the long run bring athletes in the State University to a bigh plane and make it clean and nonprofessional.

An attempt will be made to a ritle the differences in such a way that the team will not go to places until after the Thanksgiving game. Under written contract with the Missouri management, the Kansas and Nebraska teams have agreed to abide by the same rules laid down in the Missouri University. This is the first yea, such a contract has been signed.

The Missouri audictic season has been a stocess manically up to date. The team, under its good management, has paid all the debts mearred under the field system and is more than \$40 ahead.

not do for the end positions, as he has bet the speed to get down the field or to catch a fleet runner of an opposing team it he once gets a start. Eastern critics claim that Yale's work at quarter was not up to the mark, as acryousness was evident and it destre to make the play a sore one without funniles, regardiess of the speed of the play. Speed and accuracy should be second nature to a quarter and the rest of his time can be devoted to getting into a play. The tackles are also weak, as they were unable to get into full swing before they fell over their own feet. Unless they show more of the 'rip, zip and tear,' which it was said would characterize the Yale team this year, they will be found on the side lines when the big games are played.

Yale him not received her flushing touches as yet, and there is loss of work left for the coaches. The hardest part of it will be to teach the giants that weight and strength are not the only requirements in football.

Little Harry Benham, who created such a sensation in his one day's practice with the 'varsity, has been returned to his freshman team, owing to his exceeding lightness. He weighs out 132 pounds. The coaches say that he is very clever, but would be unable to withstand the strain of a hard game against heavy men.

For the flirst time this scaeson, the scrubs on Tucsday not only scared on the afternoon's work. The superb showing of the second team was due largely to the presence of Sharpe and Stillman of the regulars. Sharpe kicked two goals from the field from the thirty-five-yard line. The 'varsity seemed able only to gain by the rans of Hale and Hyde, who replaced Hale five minutes before the second half closed. The 'varsity changed its style of play, using more end runs than at any time this year.

HAVARD IS AFRAID OF PEXA.

Has Protested Two Quakers-Practicing to Brenk Ip Guards Back.

Harvard is becoming desperate over her game against Pennsylvania next Saturday. In addition to protesting McCracken, the Crimsons are now out to prevent young Graves from playing for Fennsylvania. They claim that he is a first-year student and taking a special course. If he is barred out by the rule, it will be on the ground that no special student can play during his first year of residence.

Harvard is in a bad rut, regardless of her protesting and keeping two of Pennsylvania's best men out of the game. The Cambridge coaches are busy these days developing all the competent substitutes they can lay their hands on, in anticipation of the merciless "guards back" which they expect to buck on Saturday. Teddy Kendall is out of the same with a fracture of the collar bone. Ellis has water on the knee, but is expected to start in the game, although there is no chance of his going the entire route. Sawin has just recovered from a broken nose and water on the knee. He is taking in the signal practice, but will hardly be fit to buck the terrible Quakers. Kernan, his first substitute, has a wrenched ankle and is altogether out of confidion. At tackle the conches have not a first-class sub, but it is not likely that they will go begging, as Whitewell is coming along fairly well, while Jim Lawrence at one tackle is almost certain to go through the game.

The greater part of the line-up practice is devoted to breaking up the "guards back" play. ticing to Brenk Up Guards Back.

Parker, who played such a good game at left half back for the Carlisle Indians, never saw a football until this season. He is one of the rate exceptions to the rule that a first-class player cannot be developed in one year.

Corneil won the Dartmouth game on Saturday at what seems to be the loss of even a fair showing against Princeton next Saturday. As a result of that game, Alexander, Starbuck, Morrison and Warner are all laying up for repairs, and at least two of them will be unable to take part against the Tigara. It is now practically settled that John Pierson, the star center of a year ago, will not be allowed to play this year, as the faculty will not remove the probation upon which Pierson was placed.

Coach Lea of Michigan, which appears to be the strongest of the Western teams, is constantly putting up jobs on his regulars in order to make them as alert as possible. On Monday he told the scrubs to work the "tackle the ball" trick on the 'varsity, and the latter was given a severe lesson in hugging the pigskin upon being tackled. ST. LOUIS U. PROTESTS WHITE.

Martin Delaney Objects to the Os-St. Louis University will journey to Kirks-ville one week from to-day to meet the Osteopaths of that place, Martin Delaney

says that he will protest the playing of Coach White for the Osteopaths, as he is a professional, and by piaying will taint all of the university lads if they do not protest. Mr. Delaney says that any boy who has played against a professional without protesting him would be liable to protest himself if he were to compete in any Eastern events governed by amateur rules. St. Louis University and Smith Academy will come together next Saturday, though upon what gridiren is not known, as the right of control of Athletic Park will be settled in court this morning. The game will be a hard proposition for the academy, which has undergone so many misfortunes during the last two weeks. With Hills out of the game, Fester will have a very hard task set for him. In the last game Smith played, Fester and Hills made nearly every gain credited to the red and white. When they did not carry the ball they formed a sort of interference which, though not quite up to any football standards, was very effective.

St. Louis University is desperate over the game lost to High School, and will play a consider control of the carry the ball they formed a sort of interference which, though not quite up to any football standards, was very effective. very effective.

St. Louis University is desperate over the game lost to High School, and will play a gracing game against Smith, being determined to beat all the Interscholastic teams that come into her hands from this on.

C. B. C. AND MARION-SIMS. They Will Meet Saturday-Medleos

They Will Meet Saturday-Medicos Stronger in Back Field.

But one interesting football game is scheduled to be played in St. Louis this week. Christian Brothers' college and the Marion-Sims elevens will meet on the college campus next Saturday. The struggle between these two teams should surpass anything that has been seen around here this season, with the possible exception of the Missouri-Washington game. C. B. C. has won but one game this fail, and that sgalast a very weak team, the Carleton Athletic Club.

The Brothers have lost to Rolla School of Mines and the Kirksville Oscopaths, both of which games they were confident of winning. The cock-sure feeling has been knocked out of the college boys, but has not injured them in the least, as it has been replaced with the "do-or-dle" spirit which was noticeably incling in the game with Dick Bland's miners. Then, again, they do not consider it a disgrace to be defeated by an outside team that has quite a reputation-but to lose to a St. Louis even in the middle of the season would be more than the C. B. C. boys could stand. Coach Stone states that he has had plenty of opportunity to locate the weaknesses in his team, and hopes to remedy them before he sends the boys on the field to meat the heavy medicos. One great disappointment has been in one of the ends—Longinatti. The fast little Italian appears to be about the best end in this locality when playing against the college sorules, and far outclasses McKee in such games, but when opposed to men who are there to beat him if there is any way to do it he seems to be about the best end in this locality when playing against the college sorules, and far outclasses one-half the speed of Longinati.

The Brothers are not just right at quarter back, either. Brockmeyer is more of a fail back than anything else, as he has played that position of ener than any other. He is a fast, strong half back, also, but does not shine as a quarter. He tries to make every man's play for him to make sure of its going right, consequently he five-yard line, but he is too conscious of his responsibility as captain of the team.

At Kirkswills he allowed the Osteopaths to seare in the first two minutes of play through overanxiousness to see McKee handle the ball cleanly on the kick off. McKee fumbled, and, instead of being there to take the ball, the C. B. C. captain seemed to waste time wondering how McKee happened to do it. By the time he got the ball the whole tribe of bone students were on the seet and downed him on the two-yard line. This seemed to daze the St. Louis players for a minute, which was all the time the Kirksville men wanted to score the touchdown.

Philadelphia, Oct. 31.-The University of Pennsylvania football team left here to-night for Auburndale, Mass, where the players will put on the flaishing touches for the annual game with Harvard on

Saturday. Twenty-one men were tsken along, in-cluding Full Back McCracken, who was protested by the Harvard football officials, and Quarter Each Graves, who is reported to also have been protested by the crimson officials. Pennsylvania authorities say they

SCHAEFER DEFEATED BIEBINGER. Latter Replaced Puegaet in Billiard

Tourney Last Night.

Mr. Puegnet was unable to fuifill his engagement to meet George Schaefer in the third game of the three-cushion billigard tournament hast night, owing to illness, which will keep him out of the matches for the result of the matches. the rest of the week.

Blehinger took Puegnet's place, and, with his handleap of five points, was thought to have a fair chance of winning, but Schaefer was in fine form and wen from his opponent with five points to spure.

Blebinger held his own in the first half of the rame, but once caught, be was an easy the game, but once caught, he was an easy proposition for the man with the "Wiz-

WHAT CAUSES DEAFNESS.

The Principal Cause Is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute discusses like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent sec allst on car troubles gives head and throat.

A prominent specialist on car troubles gives as his opinion that nine out of ten cases of deafness are traced to throat troubles this is probably overstated, but it is certain-

of deaffress are traced to throat trouble; this is probably overstated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The extarrhal secretion in the nose and throat finis its way into the Eustachian tube and by clegging it up very seon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little farfetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that entarrh, if long neglected, will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve, and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a 50-cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocalne or opiate and is as safe and pleasant for children as for their elders.

Stnart's Catarrh Tablets is a wholesome

their elders.
Stuart's Catarrh Tablets is a wholesome tion upon the blood and mucous membrane of the nose and throat.

As one physician aptly expressed it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All drawfalts will and recommend them first tablet taken."
All druggists sell and recommend them.
They cost but 50 cents for full sized package, and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

LET EVERY MAN AFFLICTED WITH Varicocele

READ CAREFULLY WHAT FOLLOWS:

Whatever may be the cause of varicoccie, its injurious effect is well known. It depresses the mind, weak-cast the body, racks the nervous system and ultimately leads to be body, racks the nervous system and ultimately leads to a complete loss of sexual power. If you make the leads to a complete loss of sexual power. If you make the leads to a complete loss of sexual power if you make the man which is the man wonder to you may process of treating it. You will then not wonder why I have positively cured more than 700 cases of this discousable which have power from the very beginning. All pain instantly ceases. Someos and swelling quicks subject to be proved and the price of man to the parties of decase and weakness vanish completely and forever, and in their stead come the pride, the power and the picksures of perfect health and restored mannood.

or of the turf, as any one clse, and Sloan, if he has been wronged, will have his redress. If Sloan has really put himself in a position to merit severe punishment, we should be ant not to hear anything definite about it until next spring, when his appli-cation for license might be refused. You will recall that some question was raised about his getting a license last spring."

PLANS FOR THE CUP DEFENSE. New York Yachtsmen Have Raised

the Money for All Expenses. REPUBLIC SPECIAL.

New York, Oct. 31.—Those who are looking after the defense of the America's cup are still deing all their work in secret. No one knows what is being done except those few who are "at the heim," and they will say nothing when asked about the new loost.

say nothing when asked about the new boat.

Certain of their plans, however, leak out, and now it is said that the syndicate is completed and all the money wanted to build the new boat and to pay the expenses for the season has been subscribed.

Cornelius Vanderbilt is the head of the syndicate and Commodore Ledyard, Vice Commodore August Belmont, Rear Commodore Robinson, ex-Commodore Brown and a few others are members.

As C. Giver iselin and W. Bueler Duncan, Jr., announced that they would have nothing to do with the new yacht or the Columbia, a manager had to be found. Archibald Rogers, Charles Francis Adams and E. C. Willard have been most talked of during the last few days, and it is now said on good authority that E. A. Willard is to be the man.

Mr. Willard sailed the Vigilant in the trial races against the Deforder in 1895, and be

en good authority that E. A. Whilard is to be the man.

Mr. Willard sailed the Vigilant in the trial ruces against the Defender in 1895, and he has been preminently identified with yachting for twenty years or more, it is also said that the new syndicate will pay the cost of running the Columbia. Last year J. Pierpont Morgan shouldered the cost of the two boats and the syndicate, it is said, will do the same next year.

AMERICAN RUNNER WON. Kenne Defeated Bredin, the English-

London, Oct. 31.—T. F. Keane, the American runner, defeated F. C. Bredin, English, in a 559-yard race at Northampton today for a purse of £190.

Keane, who had the best of the start, won by two yards. Time, 28 3-5 seconds.

FUNERAL OF GENERAL FROST. Old Comrades and Friends Attend Body to Calvary.

The funeral of General D. M. Frost, which was conducted from his country home, Hazelwood, St. Louis County, yesterday morning, was attended by a large gathering of his friends in private life and his comrades in-arms. Among the old soldiers were the following members of the Veterns of the Blue and Gray: Captain Joseph Boyce, Colonel S. W. Fordyce, Colonel George J. Chapman, Colonel William Bull, Major Chris P. Ellerbe and Major John Waddell.

Although a native of New York, General

John Waddell.

Although a native of New York, General John Waddell.

Although a native of New York, General Frest spent the greater part of his 67 years in Missouri. Before the Civil War he had command of the State millitia, being a veteran of the Mexican War. After his marriage to Miss Graham, a granddaughter of John Mullanphy, he engaged in the lumber business, but gave that up to enter the Confederate Army, in which he served with distinction.

At the close of the Civil War he returned to St. Louis and devoted his time to developing his ferming lands in Florissant Valley Last April he closed his city residence, at No. 1711 Wash street, and moved to Hazelwood.

His body was buried in Cavalry Ceme-

to Hazelwood.

His body was buried in Cavalry Cemetery, the Reverend M. S. Brennan of St.

Lawrence O'Toole's Parish officiating.

LANSDOWNE'S ELEVATION.

Figuratively Speaking, It Has Taken England's Breath Away.

London, Oct. 31.—The Marquis of Lansdowne's elevation to the foreign secretary-ship, according to the announcements in the newspapers this morning, has, figuratively speaking, taken the country's breath away. It was as unexpected as it was unwelcome, the stanchest ministerial mouth-pleces condemn it. The Standard says:

"The appointment of the Marquis of Lansdowne to aer Majesty's principal Secretary of State for Foreign Affairs is an almost inconceivable bunder. He has neither the character, qualifications nor experience for such a position. The only plausible excuse for the appointment is that Lord Salisbury will still control the Foreign Office, while Lord Lansdowne relieves him of his routine duties."

Lord Lansacowne releves
tine duties."

The Times, to a large extent, takes the
view of the Liberal organs, namely, that
Lord Salisbury will now find time to be the
real Premier and to exercise greater control over the whole Cabinet, instead of a
mere nominal control. It believes the report of Lord Lansdowne's appointment correct and defends him against newspaper atlacks, saylog: tacks, saying:
"These critics would find it hard to indi-cate whom they consider better fitted for the post."

NEEDS \$60,000,000.

American Banks Will Furnish Funds for Swiss Railroads.

Berlin, Oct. 31.—Doctor von Siemans, president of the Deutsche Bank, is in Paris, completing negotiations for financing the Swiss ratiroads. The transaction, it is said, involves a loan of 200,000,000 frances at 4 per cent, which will be raised principally by American banks, assisted by English, French, German and Swiss financiers. The matter attracted much attention on the Berlin Boerse to-day.

Pheumalism

Rheumatic pains are the cries of protest and distress from tortured muscles, aching joints and excited nerves. The blood has been poisoned by the accumulation of waste matter in the system, and can no longer supply the pure and health sustaining food they require. The whole system feels the effect of this acid poison; and not until the blood has been purified and brought back to a healthy condition will the aches and pains ceuse.

brought back to a healthy condition will the aches and pains cease.

Mrs. James Keil, of 707 Ninth street, N. E., Washington, D. C., writes as follows: "A few months ago I had an attack of Sciatic Rheumatism in its worst form. The pain was so intense that I became completely prostrated. The attack was an unusually severe one, and my condition was regarded as being very dangerous. I was attended by one of the most able doctors in Washington, who is also a member of the faculty of a leading medical college here. He told me to continue his prescriptions and I would get well. After having it filled twelve times without receiving the slightest benefit, I declined to continue his treatment any longer. Having heard of S. S. S. (Swift's Specific) recommended for Raeumatism, I decided, almost in despair however, to give the medicine a trial, and after I had taken a few bottles I was able to hobble around on crutches, and very soon threafter had no use for them at all, S. S. S. having cured me sound and well. All the distressing pains have left me, my appetite has returned, and I am happy to be again restored to perfect health.

the great vegetable purifier and tonic, is the ideal remedy in all rheumatic troubles. There are no opiates or disturb the direction and minerals in it to disturb the digestion and

lead to ruinous habits. We have prepared a special book on Rheumatism which every sufferer from this painful disease should read. It is the

most complete and interesting book of the kind in existence. It will be sent free to any one desiring it. Write our physicians fully and freely about your case. We make no charge for medical advice.
